

Materials:

- Scissors
- Fastener → 
- Glue/Tape

Instructions:

1. Cut out the CIRCLE and the ARROW.
2. Line up the dot on the ARROW with the centre of the CIRCLE.
3. Push the fastener into the dot and through the CIRCLE and secure the back.
4. Tape or glue the student's pictures in the appropriate quadrants.

Optional:

To increase the visual supports durability, glue the back of the CIRCLE to some cardboard paper before inserting the fastener.
