Provincial Outreach Program for Autism and Related Disorders

MANDATE

To provide consultation, training and support services to all public and independent schools across the province of British Columbia (BC) with a primary focus on increasing the capacity of school district staff to support students with Autism Spectrum Disorder (ASD).

ASD includes:

- Autistic Disorder
- Asperger's Disorder
- Childhood Disintegrative Disorder
- Rett's Disorder
- Pervasive Developmental Disorder-Not Otherwise Specified (PDD-NOS/ Atypical Autism)

OUR VISION

The POPARD team will provide leadership in collaboration with educators who request support for children and youth with ASD. Collaboration will promote meaningful consultation with parents and community teams. POPARD will promote a wide range of evidence-based practice approaches that will facilitate inclusive educational programs in the least restrictive environment.

SERVICES

POPARD services include consultation and capacity building, such as professional training courses, workshops, and mentoring. For further details on the training courses refer to our website at www.autismoutreach.ca.
